

UNDER CONSTRUCTION

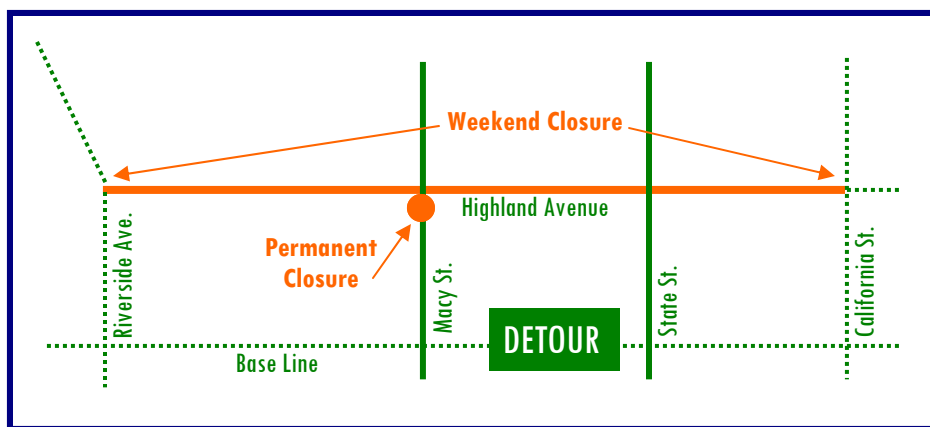

Coming soon: Permanent, temporary road closures

Continuing construction on State Route 210 will require both permanent and temporary road closures in San Bernardino and Rialto, starting next week. Crews will be relocating utilities, making street improvements and building and retrofitting bridges to prepare for the future construction of freeway lanes.

Two construction areas will impact local traffic:

- Macy Street in San Bernardino will be closed permanently south of Highland Avenue, beginning Monday, June 20. A cul de sac will be built adjacent to the new freeway. Macy will remain open north of Highland Avenue.
- Highland Avenue will be closed between Riverside Avenue in Rialto and California Street in San Bernardino the weekend of June 24. (*See map below*). This closure will allow crews to complete drainage work and to make curb and gutter improvements. The street will be closed starting at 8 p.m. on Friday, June 24 and will re-open by 5 a.m. on Monday, June 27. During this weekend closure, drivers should use Base Line, Riverside Avenue and California Street as detour roads.

San Bernardino Associated Governments regrets any inconvenience this construction may cause and thanks residents and drivers in advance for their patience. For more project information, call the Route 210 toll-free helpline at 1-866-HELP-210. Drivers should allow extra travel time, follow signs and posted detours and drive carefully through construction zones.

I-215 night closures set for week of June 20

Route 210 construction will require widening the Route 30 bridge that crosses Interstate 215 in San Bernardino. Widening the bridge will involve removing guard rails from both sides of the structure, a process that will force the closure of I-215 during selected night-time hours the week of June 20.

Work will occur between 10 p.m. and 5 a.m. to minimize travel disruption.

Detours will be in place to direct drivers through the area. Detours include:

■ Northbound on I-215:

Traffic will be detoured to eastbound Route 30. Drivers will exit at Waterman Avenue, enter westbound Route 30, and then reconnect to northbound I-215.

■ Southbound on I-215:

Traffic will be detoured onto University Avenue to Cajon Boulevard. Drivers will head south to Mt. Vernon Avenue and then north to southbound I-215.

To add or remove your name from the Under Construction email list, please send your request to cdonahue@sanbag.ca.gov or call 1-866-HELP-210. This bulletin is a feature of the Route 210 Public Information and Safety Program. **Safety, It's No Accident!**
